Research administration guidance for sponsored projects

March 26, 2020

Categories: **Finance**, **Research**, **Workplace & HR**

Last modified on **September 21, 2020**

Agency-specific guidance received from major sponsors can be found on the **ORA COVID-19 resource page** ⧉. In addition, any questions or information needed on the allowability of continued salary support from either federal or non-federal sponsored projects should be directed to your Institutional Official in **OSR** ⧉, **RMG** ⧉ or **ICO** ⧉. As this situation continues to be fluid, updates will follow if there are changes to University policy. If any of your sponsored project activities (federal or non-federal) are hindered due to COVID-19 precautionary measures and/or illnesses and sponsor accommodations are needed, please complete the **COVID-19 Sponsor Notification and Request Form** ⧉ and submit it through the SeRA system via a *Central Office Request (select Request Type "COVID-19 Sponsor Notification/Request")*. Your Institutional Official will work with the sponsor to notify and/or request approval as needed. Instructions for submission can be found on the **ORA COVID-19 resource page** ⧉.
